The Highly Qualified Status of Teachers
Notice to Parents (December 1, 2021)

December 1, 2021

Dear Parent(s) and Guardian(s):

Under the provisions of the Every Student Succeeds Act (ESSA), school districts receiving federal assistance in the form of Title I monies must state the highly-qualified status of teachers. The law defines highly-qualified as being a Missouri state certified teacher in the grade level and subject area in which the teacher is teaching. In addition, teachers not considered highly-qualified are required to have a teaching mentor. Please speak with your building principal or the federal programs coordinator for additional information. Updates as to the status of highly-qualified teachers at the academy can be found under the Resources tab at www.liftforlifeacademy.org.
